

Your customers expect your employees to be the very best.

When you hire with greater confidence, you can reduce your liability, gain peace of mind, lower your worker's compensation claims, and ultimately, meet your customers expectations. Stop spending time on claims, employee management issues, and needless paper handling.

Strategic Partner & Preferred Service Provider to

PACIFIC NORTHWEST HARDWARE
AND IMPLEMENT ASSOCIATION

ONLINE TOOLS TO MANAGE PEOPLE, provided through a balance of secure, online access and live support, *facilitate every transactional function* associated with the employment lifecycle – from recruitment to retirement – for any size organization. **No other provider can make this claim.**

Look what you can accomplish:

Select from a smaller, more qualified group of candidates

Recruitment

Use this comprehensive job posting and applicant management system.

Applicant Tracking

Manage any kind of job requisition.

Talent Assessment

Examine behavior, assess risk, and measure corporate fit.

Screen to increase hiring confidence, reduce liability, and gain peace of mind

Background Screening

Leverage technology with the expertise and intuitiveness of skilled professionals for thorough and actionable reports.

Drug Testing

Detect the presence of illegal substances for employment purposes.

Business Inquiries

Examine individuals, individuals representing a business, or businesses seeking to establish an account with your organization.

Streamline and manage the entire employment lifecycle

SingleSourceHRM

The common sense, market-driven solution to managing employee information, **SingleSourceHRM** is the core technology behind our service. Based on modular architecture, this comprehensive online solution supports the main areas of HR processes, such as personal information, report generation, benefit administration, and more. Gain anytime/anywhere self-service access, infinite record retention, and guided compliance with technology that is always up to date.

Payroll Processing

Available for as little as \$2 per check, erase hidden fees and add-on charges with this flat fee service. Managed online, there is no need for costly system conversions or interfaces. Time and attendance, general ledger, and more are included.

Save with corresponding, strategic services

Employee Surveys

Attend to employee concerns before they become an issue, reduce turnover, improve morale, promote a more positive culture, and increase productivity.

Exit Interviews

Use the results of these anonymous, third party telephone surveys to address employment-related issues and make improvements to the total work experience.

Hotlines

Designed to facilitate and encourage continuous employee input, this service has proven to be an integral tool when addressing compliance, identity management and workplace issues.

Self-Service Kiosks

For industrial, hospital, and manufacturing settings, kiosks allow employees direct access to their personnel information and organizational programs.
